**A QUIRKY BOARD BOOK RE-IMAGINATION OF THE CHILDHOOD FRIENDS YOU ALWAYS DREAMED OF, BY AARON STEWART**

Designer and animation director Aaron Stewart grew up in Wichita, Kansas in the 1970s. During a recent visit back home he re-discovered the old, hidden picture albums of his childhood.

Their quirky Kodacolor aura and homey settings inspired him to populate his past anew, with the friendly critters he had always wanted to be surrounded by. The past is reanimated in backward projections of childhood fantasies and imaginary friends.
